I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I
OBJECT to the definition of "inordinate amount" which restricts the availability and
the right to obtain necessary compounded medications by limiting the number of
prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

I cannot use synthetic hormones, my body can only tolerate natural
Comments: hormone treatment. I am menopausal and need this natural hormone
therapy to maintain a healthy life and at the same time feel safe and secure of
not being affected with any dangerous side effects. I have no other sources
here in California that I can afford. I am very content and satisfied with the
service, product and price that College Pharmacy has. I will cry Bloody Murder
if you try to take this privilage away from me. What right do you have to force
me to use what you want me to use and what my body cannot tolerate? Local
pharmacy's do not compound natural hormones. I CHOOSE TO USE THIS METHOD TO HELP
ME LIVE A LONGER, HAPPIER, HEALTHY LIFE. YOU CANNOT TAKE THIS AWAY FROM ME.

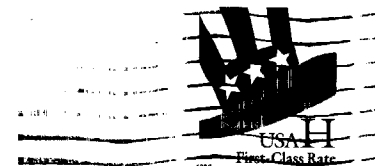

I CAN AFFORD TO USE THIS NATURAL MEDICATION
